**Findings:** We surveyed stream 111-50-10750-2033-3007 and caught coho salmon using an electrofishing unit (Table 1). During our survey we observed spawned out pink salmon throughout the lower reach of stream. We electrofished above previous survey marker and did not capture anything. We ended the survey at the same upper limit of previous survey.

**Recommendations:** Correct the current course in AWC.
